Congratulations, Oklahoma State University CLASS OF 2022!

Your registration for OSU Orientation is confirmed! Enclosed is important information about academic advising and tips to stay connected before, during, and after your Orientation & Enrollment program.

During Orientation, you’ll meet with an academic adviser, enroll in classes, and receive your student ID. You’ll meet new friends, visit with campus departments, and discover what it means to be “loyal and true” to OSU. If you’ve signed up for an overnight program, you’ll also participate in campus breakout sessions and enjoy evening activities hosted by your orientation leaders.

If you need to change your Orientation date, program type or guest list (indicated to the left), call us at 405-744-3636. To make a guest payment, log in to our registration site at newstudents.okstate.edu. Please note that we will not send another confirmation package if changes are made to your program.

The Math Placement Exam is required for enrollment in your first college-level math course and should be completed at least three days before your program. For more information including testing sites, visit mathplacement.okstate.edu.

We’re eager to meet you, answer questions, and welcome you to the OSU family! Contact us at 405-744-3636 or email newstudents@okstate.edu if you have any questions or concerns.

Go Pokes!

One-Day Schedule

8:30 - 9:10 a.m.  Honors College Session
9 - 9:30 a.m.    Check-in
9 - 9:40 a.m.    Student ID Pictures & Showcase
9:45 a.m.       Meet your Orientation Leaders
10 - 10:45 a.m. Welcome and Opening Session
10:10 - 10:55 a.m. Family Orange Beginnings & Transitions
11:05 a.m. - 12:05 p.m. Cowboy Connections
12:05 - 12:50 p.m. Lunch
1 p.m.         Advising and Enrollment
                 (students only)
1 p.m.         Family Cowboy Connections
2:15 p.m.      Check-out and Next Steps

Showcase

Prior to your Orientation Program

☐ Complete your Residential Life housing application/contract. All new freshmen are required to live in university-approved housing. reslife.okstate.edu

☐ Complete the Math Placement Exam after May 1 and at least three days prior to your scheduled orientation program. uat.okstate.edu/placemathexam

☐ Complete your medical history and immunization record before beginning class. shots.okstate.edu

☐ Look into potential placement, CLEP, AP and IB exams to determine if you’ll take any before enrollment. uat.okstate.edu

☐ Request that your final academic transcripts from high school and any college-level work be mailed to the Office of Undergraduate Admissions, 219 Student Union, Stillwater, OK, 74078, as soon as possible after graduation. Your financial aid will be held until your final official transcript is received. If you are not eligible for financial aid, final transcripts should be submitted as soon as possible. Your enrollment for the spring semester will be held until it is received.
When you registered for your Orientation & Enrollment program, you chose an overnight program, one-day program or Orientation Plus program. Family members attend Family Orientation at the same time as your program. If you selected the Orientation Plus program, please note you are also registered for Camp Cowboy, and attendance for both orientation and Camp Cowboy is mandatory. Camp Cowboy begins immediately after orientation on Friday and concludes on Sunday.

Overnight orientation programs benefit students and parents who’d like more time to work through the enrollment process and get a better sense of the campus experience. During the overnight program, you’ll:

- Meet with academic representatives and learn about your specific academic college on day one.
- Meet with your academic adviser to enroll for classes on day two.
- Meet with your orientation leaders in a small group.
- Attend information breakout sessions.
- Participate in evening activities with other freshmen.

The one-day program is a full-day program designed for students who have attended multiple academic campus events, are certain of their academic choice and can make decisions quickly. During this day, you’ll meet with your academic adviser in the afternoon to enroll for classes while family members attend information sessions.

### Checklist for Students Attending the Overnight or Orientation Plus Program

- A phone charger.
- Tennis shoes or other slip-resistant footwear for evening activities. Please dress comfortably as you’ll be participating in physical activities.
- Comfortable clothes for the Camp Cowboy portion of Orientation Plus. Visit [campcowboy.okstate.edu](http://campcowboy.okstate.edu) for more information.
- Your own toiletries.
- Shower shoes or flip flops for community showers.

The Office of Residential Life will provide basic linens such as sheets, pillow, a blanket and a towel, but you can bring extras if you prefer.

### Camp Cowboy

**Check-in:** 1 - 2:15 p.m. on Friday after Orientation. Camp will end by 1 p.m. on Sunday.

More information about locations and a detailed packing list will be sent in early May.

Questions? Contact us at campcowboy@okstate.edu or 405-744-0383.
New Student Orientation & Camp Cowboy Fees

Charges will appear on your first tuition bill in September, unless otherwise noted.

*Some fee waivers are available. See Camp Cowboy section below for details.

Camp Cowboy

If you’re not already registered, Camp Cowboy is an exciting three-day experience filled with connections to other new students and current OSU student leaders. Participants engage in team-building activities, small-group discussions and campfires to help learn personal strengths and find ways to get involved on campus. Participating in Camp Cowboy makes your transition to college easier by creating a support network before you move onto campus.

Week 8 Camp Cowboy is separate from the orientation and enrollment program, and the housing fee would apply.

Additionally, we are offering Cowboy Quest—an adventure-based program. Cowboy Quest is a hiking and camping expedition in the Ozark Mountains held in conjunction with OSU’s Outdoor Adventure office. All skill levels are welcome and camping supplies are provided. The cost of this program is $250, which will appear on the student’s first tuition bill in the fall semester. Students who attend Orientation Plus Camp Cowboy CANNOT attend Cowboy Quest. Some registration fee waivers are available. Call 405-744-0383 or visit campcowboy.okstate.edu for more information about Camp Cowboy and/or registration fee waivers.

Checklist for your Program Date

In order to better serve you during your orientation, we recommend you bring the following:

- Your O-Key email address and password. Please store this information in your phone because you’ll need your password and email address to enroll.
- An umbrella and sweatshirt or light jacket; some of our meeting rooms fluctuate in temperature, and Oklahoma weather is difficult to predict.
- Your final high school transcripts and immunization records (if not submitted previously).
- Create an orientation folder where you can carry:
  - Either an official or unofficial copy of your transcripts or list of courses taken.
  - Transcripts of any college-level coursework, completed or in progress.
  - Questions for your adviser and other campus offices.
  - Ideas you have about majors and/or careers.
  - Receipts for university-related expenses, such as Residential Life housing.
Where to Stay During Orientation

**Students**
Students attending the Overnight Program, Orientation Plus and Camp Cowboy stay in University Commons. Sheets, pillows, towels and a blanket are provided, but you may bring additional linen items if you’d like.

**Parents**
We encourage parents and family members to stay in Stillwater. Please make reservations early as hotel rooms book quickly. For a list of accommodations in Stillwater, go to [visitstillwater.org](http://visitstillwater.org) and click on “Hotels.”

**Within a mile of campus:**
- The Atherton Hotel | 405-744-6835
- Best Western Plus Cimarron Hotel & Suites | 405-372-2878
- Fairfield Inn & Suites | 405-372-6300
- Hampton Inn & Suites | 405-743-1306
- Home2 Suites by Hilton | 405-372-2550
- Microtel Inn & Suites | 405-372-7100

**West of campus (within 4 miles):**
- Hampton Inn & Suites | 405-332-5575
- Holiday Inn & Suites | 405-372-2445
- Residence Inn by Marriott | 405-707-0588
- University Inn & Suites | 405-372-0800
- Days Inn | 405-743-2570
- La Quinta Inn & Suites | 405-564-0599

**East of campus (within 4 miles):**
- Holiday Inn Express & Suites | 405-332-5603
- Wyndham Garden | 405-377-7010
Fly to Stillwater

Daily, nonstop flights are available between Stillwater Regional Airport (SWO) and Dallas/Ft. Worth International Airport (DFW). Stillwater Regional Airport is conveniently located four miles north of campus. OSU-Stillwater Community Transit provides regular bus service to Stillwater Regional Airport Monday through Friday. Enterprise Car Rental is also available at the terminal.

Visit newstudents.okstate.edu for additional travel information, or go to flystillwaterok.com for information about flying to Stillwater.

Directions to Campus and Parking

Upon arrival, orientation leaders will greet you in the parking garage and direct you to check-in. The Student Union Parking Garage has three levels and two entrances; one on University Avenue and the other on Hester Street. For GPS directions, enter the intersection of University Avenue and Hester Street as your destination.

From I-35
- Travel east on Oklahoma Highway 51 (6th Avenue in Stillwater).
- Turn left on Monroe Street.
- Turn right on University Avenue.
- Turn left on Hester Street.
- Turn left into the Student Union Parking Garage.

From the Cimarron Turnpike/U.S. 177 North
- From the turnpike, continue until it ends and merges south with Washington Street/Boomer Road.
- From U.S. 177, continue south on Washington Street/Boomer Road (don’t follow U.S. 177 left on Richmond Road).
- Continue on Boomer Road, which becomes Main St.
- Turn right on Third Avenue.
- Turn right on Hester Street.
- Turn left into the Student Union Parking Garage.

From SH 51 East and U.S. 177 South
- At the intersection of 6th Avenue and Perkins Road, continue west on 6th Avenue.
- Turn right on Hester Street.
- Turn left into the Student Union Parking Garage.
Next Steps

O-Key and OSU Email

OSU uses your O-Key account to verify your identity. Your O-Key username and password also serve as login information for your OSU email account. It’s important that you check your OSU email on a regular basis, as it’s your primary source of communication with the university.

If you haven’t activated your O-Key account, visit okey.okstate.edu. To access your email once you’ve activated your O-Key account, visit mail.okstate.edu.

Housing and Residential Life

Complete your housing application as soon as possible if you haven’t already. Your choice of housing assignment is based on the date your housing application and fee are submitted and paid. Residential Life sends an email to students after they’ve completed this process. The email will have a specific date to complete the steps for choosing room assignments. **Students who don’t choose a room by May 1 will wait until June to select a room.**

You have the option of applying for a Living Learning Program or special interest housing. While you aren’t required to choose a specialized community, there may be one that fits your academic or career goals. Some benefits include:

- Building relationships with other students.
- Developing study groups with others in the same classes.
- Enrolling in reserved sections of courses pre-selected for the community.

Your adviser will discuss the benefits of choosing a learning community at your enrollment. If you haven’t completed your housing application or would like more information about the Living Learning Programs or special interest housing, visit reslife.okstate.edu.

**PLEASE NOTE:** All freshmen are **required** to live in university-approved housing (Residential Life, fraternity or sorority). If you plan to join a fraternity or a sorority and think you’ll live in the house, you should still complete your housing application in case you change your mind later or space is unavailable.

Scholarships and Financial Aid

Paying for college requires a plan. The OSU Office of Scholarships and Financial Aid is here to help you and your family develop that plan. You have already taken the first step by completing the application for admission and scholarships. The next step is to complete the Free Application for Federal Student Aid (FAFSA) at [fafsa.gov](http://fafsa.gov) and have the results sent to OSU (school code 003170) if you haven’t already done so. It’s important to file the FAFSA as soon as possible to be considered for all types of OSU, state and federal aid.

Because funds are limited in some aid programs, you should respond as quickly as possible to requests for information from the Office of Scholarships and Financial Aid. Check your OSU email frequently for any messages about your financial aid.

Your award notice may include a combination of scholarships, grants, work-study, and student and parent loans. Scholarships and financial aid are awarded daily, so check back often to accept any new awards. Detailed instructions for accepting financial aid can be found at [financialaid.okstate.edu/FinAid](http://financialaid.okstate.edu/FinAid).

When you provide your updated GPA, class standing or ACT/SAT scores to the Office of Undergraduate Admissions, the Office of Scholarships and Financial Aid will automatically determine whether you qualify for a higher-value scholarship. Submit any changes to the Office of Undergraduate Admissions by the July 1 Final Scholarship Deadline. You should also notify the Office of Undergraduate Admissions if you change your academic major and/or college from the one listed on your application for admission and scholarships.

Many students choose to work part time while attending OSU. Some, but not all, of the jobs available to students are for those who qualify for the Federal Work-Study (FWS) Program, via the results of the FAFSA. You’ll be able to start your job search for both FWS and non-FWS jobs once you’ve enrolled by visiting OSU Career Services at [HireOSUgrads.com](http://HireOSUgrads.com).

Don’t wait until New Student Orientation & Enrollment to talk with the Office of Scholarships and Financial Aid. Your orientation and enrollment day(s) will be very busy, so we encourage you to contact the office by email at finaid@okstate.edu or by phone at 405-744-6604 if you have any questions about your financial aid plan.
## Placement Exams

### Math Placement Exam (required)

Prior to enrolling in an OSU math class, you will need to complete the Math Placement Exam to ensure you have the best opportunity to succeed in your first math course. The only exception is if you have taken a college-level math course that is posted on a college (not high school) transcript showing successful completion with a grade of “C” or better in a prerequisite or required math course for your intended major. Please note that beginning and intermediate algebra courses are considered “pre-college level” and do not count as college-level math.

You should complete the Math Placement Exam after May 1 and at least 48 hours prior to your scheduled orientation program in order to enroll in math for your first semester.

### WHERE DO I TAKE THE EXAM?

In order for your score to count toward course placement, the Math Placement Exam must be completed in a “proctored” environment. There are both online and in-person options for this.

- The math placement website provides a list of approved proctor sites across the country, online testing options using your webcam from home, and opportunities to take the placement test with OSU personnel during special programs in selected locations.
- If you prefer not to test via webcam and a location close to you is not currently listed as a testing site, you may have a local site (usually part of a learning center, high school or college nearby) contact University Assessment and Testing at 405-744-5958 to establish itself as a certified testing site.
- While it is in your best interest to complete the Math Placement Exam prior to attending New Student Orientation & Enrollment, OSU offers the exam at New Student Orientation Overnight and Orientation Plus sessions.

### HOW CAN I BEST PREPARE TO TAKE THE EXAM?

The best testing environment is a controlled location beneficial to your personal testing needs. If you would like to take a practice exam, you may access the test through the math placement website (mathplacement.okstate.edu).

Your first completion of the test unlocks learning modules you should use to improve your knowledge and memory of mathematical concepts so that you may impact your score when taking the exam for placement purposes. Learning

module questions are based on your practice test, therefore, practice tests should be taken seriously.

**HOW OFTEN MAY THE EXAM BE TAKEN?**
Following the practice attempt, you may take the exam four additional times during an 11-month period. A minimum of 24 hours is required between each testing attempt to allow time for work in the learning modules.

**HOW DO I TAKE THE EXAM? IS THERE A COST?**
Your testing site will explain its process for completing the Math Placement Exam. Additional instructions and tips are located on the math placement website so you know what score you need to be placed into the appropriate math course for your intended major. Cost depends on the testing site. There is no cost when completing the test at New Student Orientation and Enrollment or at any of the OSU-sponsored programs for placement testing. OSU-Tulsa, OSU-OKC and OSU in Stillwater offer the exam at no cost the first time you take it. The online proctoring cost is minimal and is outlined on the placement website.

**WHAT DOCUMENTATION IS NEEDED AT ORIENTATION/ENROLLMENT?**
Generally, no documentation is needed as your proctored test scores are automatically uploaded to the enrollment system. However, in the following cases, you could need the indicated paperwork to avoid delays in math course enrollment:

- If you take the Math Placement Exam within a day of your enrollment program, bring a copy of your score report in case your scores haven’t yet uploaded to the OSU system.
- If you’ve completed a college-level prerequisite or required course for your major with a “C” or better and haven’t already sent your official transcript to OSU, bring a copy of your transcript.
- If you’re currently enrolled in a college-level prerequisite or required math course for your major, bring a printout of your academic class schedule. With proof of enrollment, we can help you enroll in the next required course. After you finish the course, send official transcripts to the Office of Undergraduate Admissions at least one week prior to the start of class.

To access the OSU Math Placement Exam, visit [mathplacement.okstate.edu](http://mathplacement.okstate.edu). If you have any questions or concerns, contact New Student Orientation (405-744-3636), the OSU Math Department (405-744-5688) or University Assessment and Testing (405-744-5958).

### Optional Placement Exams

Students can receive college credit at Oklahoma State University through several placement exams. With the exception of the Math Placement Exam, the following types of placement exams are optional. For more information regarding foreign language placement exams, call the Arts & Sciences Student Success Center at 405-744-5658.

**FOREIGN LANGUAGE ADVANCED STANDING PLACEMENT EXAM**
If you completed at least two years of Spanish, French or German in high school and would like to continue in that language your first semester at OSU, consider taking the Foreign Language Placement Exam to determine course placement. Students who test out of coursework and earn an “A” or “B” in the course in which they are placed earn levels of retroactive advanced standing credit for the sections they skipped. For more information, visit [languages.okstate.edu/placement](http://languages.okstate.edu/placement).

You will have an opportunity to take this placement exam during your orientation program or may wait until the semester before you plan to take the language course.

**ADVANCED PLACEMENT (AP), COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) & INTERNATIONAL BACCALAUREATE PROGRAM (IB)**
OSU grants credit for acceptable scores in the College Board’s Advanced Placement Program, College Level Examination and International Baccalaureate Program. Visit [admissions.okstate.edu/creditbyexamination](http://admissions.okstate.edu/creditbyexamination) for a list of college-level credits based on your scores for these options.
Block Rate Information

Oklahoma State University is committed to providing accessible and affordable higher education for our students. Our desire is to help students shorten the time to degree completion and assist with financial budgeting. OSU’s block rate includes tuition and universitywide fees for students taking 12 to 18 credit hours.

Benefits of Block Tuition

The “block” rate, equal to OSU’s 15-hour rate, serves as one of OSU’s strategies to help students stay on target and finish college in four years. Enrolling in an average of 15 hours per semester puts students in line to graduate in four years. In addition, block tuition saves additional years’ cost for room, board, transportation and other expenses related to attending college, reduces student loan debt, and allows entry into the workforce earlier. We encourage students to work closely with advisers to determine the optimum number of credit hours for their first semester. This may mean taking fewer hours some semesters and more other semesters depending on multiple influencing factors.

Block Tuition Details

- Part-time undergraduate students (those taking fewer than 12 hours), graduate students and professional students will continue to be charged on a per credit hour basis.
- Full-time undergraduate students (those registering in 12 to 18 hours) will be charged a block rate for tuition and universitywide fees. Universitywide fees in the block rate include: student activity fees, student facility fees, library automation and technology fee, health services fee, student development fee, Daily O’Colly fee, academic records fee, academic excellence fee, transit/parking services fee, advising/assessment fee, university technology infrastructure maintenance fee, academic facilities, life safety and security fee and student union renovation fee. Academic Service Fees, such as specific course fees and/or college based fees, are not included in the block rate and will continue to be charged on a per-credit-hour basis.
- August intersession courses are part of the fall semester and winter intersession courses are part of the spring semester.
- Courses counted toward the block rate include OSU-Stillwater courses, OSU-Tulsa courses, 5XX outreach courses (e.g. online courses), NOC-Stillwater courses, and graduate level courses taken by undergraduate students (excluding online NOC courses).

Exceptions

Full-time undergraduate students who have selected tuition lock will continue to be charged on a per-credit-hour basis. Students who feel they are unable to enroll in 15 credit hours may apply for an exception. The appeal form must be completed by the student and returned to the appropriate office for review. Exceptions may include students with disabilities or health issues, seniors who need fewer than 15 hours in a semester to graduate or fewer than 30 hours in the fall and spring to graduate, students studying abroad and students participating in officially sponsored activities to which 25 or more hours per week are committed. The appeal form will be available prior to the start of each semester.

For the full and most up-to-date information, including the exceptions and appeals process, please visit blockrate.okstate.edu.
Managing your Money

Budgeting Basics
Planning your college and personal finances can be one of the most important challenges you’ll face. It’s important that you understand how to handle your money, whether it’s your financial aid, scholarships, money from your family, your paycheck, or even loans and credit cards. The investment you make in your early college years concerning money management and basic financial planning strategies can make a huge difference in your financial future! Don’t underestimate how important personal finance is to your health. Planning your personal finances is critically important to your success in college and can greatly reduce your stress.

One of the best ways to manage your money is to develop a budget and learn to stick to it. Setting up a budget is not difficult. Sticking to it can be a challenge at first; it just takes some planning and determination on your part.

To set up a budget, first determine what money you have coming in, essentially your income. Second, figure out your expenses, and third, determine your plan of action to save and pay your expenses. It’s important that you keep track of your savings, income and expenses. If you find your expenses are greater than your income, it may mean making some sacrifices, finding additional income or seeking out other resources.

Finding a Student Job
Working while in college is a great way to build experience and earn money. There are many on- and off-campus job opportunities that are both financially and personally rewarding. Specifically, on-campus jobs provide an excellent way to make campus connections, work around your class schedule and develop skills to add to your résumé. To apply for student jobs on- and off-campus, including work study, visit HireOSUgrads.com or Career Services in 360 Student Union. For additional assistance, contact 405-744-5253 or careers@okstate.edu.

Helpful Hints for Saving Money
• Buy used textbooks, if possible, for the best prices. Be sure you know the store’s buy-back policy on textbooks.
• Make the maximum use of your meal plan and save eating out for special occasions.
• Take advantage of the free entertainment opportunities on campus. OSU offers a variety of free activities, including incredible speakers, concerts, movies, workshops, dances and a host of other events for learning, entertainment and involvement outside of the classroom.
• Use student discounts, online coupons and student coupon books.
• Avoid parking tickets on campus by parking in your designated parking area.
• Save your gas by riding your bike, renting a bike from OrangeRide, or utilizing The Bus, OSU’s bus system, to travel around campus and around Stillwater.
• Keep track of charges you make to your OSU Bursar Account. Treat your student ID card like a bank card. Review your account status online at least once per week.
• Control how much you spend on optional items, such as magazines, newspapers, pets, music, video games, vacations, etc.
• Study! Creating success in college requires hard work. The majority of that work takes place outside of the classroom. Spending time studying individually and in groups can keep you from spending money on unnecessary expenses and helps with timely graduation.
• Take advantage of the free resources offered at OSU, including tutoring, the Colvin Recreation Center, on-campus computer labs and printing stations, and discounted medical and mental health services.

Helpful tools and resources can be found in the financial literacy section of the Scholarships & Financial Aid website, financialaid.okstate.edu/fin-lit.

### First-Generation Student Mentoring Program

First-generation students are individuals whose parents haven’t completed a bachelor’s degree. Because navigating a college environment can be confusing, the First2Go program provides a safe and comfortable atmosphere for these students to ask questions and become knowledgeable on the various aspects of the student experience.

First2Go helps first-generation students create a deeper sense of belonging to the OSU community by providing support through programming and mentoring. Faculty, staff and graduate students provide resources, encouragement and direction as students transition to OSU. Mentors are available to any first-generation student.

The mentor relationship can last a lifetime. Should you choose to participate in this program, you’ll have the opportunity to connect with a supportive member of the university community and work one-on-one with a professional.

First-generation students will also have the opportunity to engage with other first-generation students by participating in the First2Go Living Learning Program (LLP). The First2Go LLP provides unique programs that will focus on transitional needs (i.e. transition from high school to college for freshmen) with the help of consistent access to resources for academic and social success. If you’d like to learn more or participate in this program, email first2go@okstate.edu or call 405-744-5333.
Life After Orientation & Enrollment

Once you’ve completed your Orientation and Enrollment program, there are a few more things to consider that will better prepare you for your college career.

Preparing for Move-in
While your move-in date isn’t until August, preparation begins now. As soon as you have your roommate assigned, make contact so you can begin planning who will bring which items. The Office of Housing & Residential Life website provides detailed information regarding room size, furnishings and acceptable appliances. Visit the Residential Life checklist at reslife.okstate.edu/packing_checklist.pdf.

Move-in Day: Wednesday, Aug. 15

Welcome Week (Register after May 1)
Sign up and participate in Welcome Week activities, which are scheduled Aug. 16 - 19. During this time, students will learn campus traditions, enhance their study skills and discover many OSU resources. In addition, there will be numerous social activities, including the Residential Life Block Party, Library House Party, Class Photo and New Student Convocation. Students must register for Welcome Week activities in order to receive a T-shirt and other items. All activities are free. Visit welcomeweek.okstate.edu for more information.
Academic Choices and Majors

Many people probably have asked what major you’ve chosen. Choosing an academic path before you’ve even entered college can be hard. There are many things to consider as you plan your path to graduation.

Example 1
Sometimes your career path seems mapped out for you already. Your grandfather was a doctor, your father is a doctor and your sister is in medical school. You feel pressure to follow the family profession. However, math may not be your best subject, you may be worried about taking multiple lab science courses or you may not be excited about the competition for medical school admission.

Action
Now is the time to research your profession, test your interests and find a path that better fits you.

Example 2
There are multiple directions related to your interests. You may want a degree related to computers, but have no idea which area to pursue. OSU has three distinct computer degree areas: Management Science and Information Systems (Business), Computer Science (Arts & Sciences) and Computer Engineering (Engineering, Architecture and Technology).

Action
Your choice depends on your personal and career goals. If you have a specific career in mind, research it and learn what degree paths usually support it. There are many options.

• Visit a specific OSU department website for each degree and discover the areas on which each degree focuses.
• Read the course descriptions listed in the university catalog.
• Talk to others working in the field or in related areas and ask how they earned their positions and what they studied (or wish they had studied).

Discovering Your Options
OSU divides programs into six academic colleges. You can find a list of majors divided by academic college on page 16. Undecided? Take advantage of OSU’s “My Majors” tool. This interactive website will help identify how your aptitudes, knowledge, and strengths lend themselves to OSU degree programs. Your results will link you to majors and options identified as a best fit for you. My Majors takes approximately 15 minutes to complete. For more information about MyMajors, visit okstate.mymajors.com.

If you’re still undecided about your major and cannot determine a single academic college that houses most of your areas of interest, you can begin your academics in University College Advising. University College Advising works with students across the university rather than within a specific college. Once an academic course of study is declared, students will transition to the appropriate college to complete their degree. For more information about University College Advising, visit uca.okstate.edu.
Undergraduate Colleges, Majors and Options

Accounting (SSB)
Aerospace Administration and Operations (EHA)
Aerospace Logistics
Aerospace Security
Aviation Management
Professional Pilot
Technical Service Management

Aerospace Engineering (CEAT)

Agribusiness (CASNR)
Agricultural Communications Double Major
Crop and Soil Sciences
Farm and Ranch Management
