

# Freshman Orientation 2019 PROGRAMS

## Student Program Types

### OVERNIGHT PROGRAMS

Overnight orientation programs are designed to help students work through the enrollment process and maximize their campus experience. During the Overnight Program, you will:

- Discuss your academic plan twice. Visit with academic college representatives on day 1, and meet an academic adviser and enroll in classes on day 2.
- Meet your orientation leaders in small groups.
- Attend informational breakout workshops about financial planning and college readiness.
- Participate in evening activities at the Colvin Center.
- Experience on-campus housing.

### ONE-DAY PROGRAMS

If you can't attend an Overnight Program, we offer alternate One-Day Programs. These programs are designed for students who have attended multiple academic campus events, are certain of their degree choice and can make decisions quickly. During this enrollment day, you will meet with your academic adviser in the afternoon to enroll for classes, while family members attend a family information session.

### ORIENTATION PLUS

This program combines the Overnight Program and Camp Cowboy into one convenient weekend program. Students will participate in orientation Thursday and Friday and Camp Cowboy activities on Friday, Saturday and Sunday.

## Family Programs

A successful college experience requires a partnership between you, your family and the university. Families will learn about OSU culture, academic services, scholarships and financial aid, campus safety, parental rights and additional campus resources. The family program runs parallel to the student programming.

## Camp Cowboy

Camp Cowboy is an activity-filled experience, creating connections with other new students and OSU student leaders. Participants engage in team-building activities and small group discussions, meet OSU athletes and coaches at the spirit session, participate in recreational activities such as a challenge course and volleyball, and enjoy campfires while learning about personal strengths and engagement opportunities.
